## Pieces of Eight

Don't be fooled by its relative infancy on the Melbourne design map, because Pieces of Eight is growing up quickly. Featuring plenty of contributions from local artists, six of whom work in the on-site studio and workshop, the gallery focuses on producing unique and limited edition jewellery. The aim is for art to be conceptual but wearable. And the future's bright, too, with a vision that includes eventual exhibitions and residencies from top international names.

635 Brunswick Street, North Fitzroy

9497 8121
